

# STEAM TRAP & SYSTEM AUDIT

REDUCE ENERGY LOSS

INCREASE SAFETY

IMPROVE RELIABILITY

## HOW MUCH IS YOUR STEAM SYSTEM COSTING YOUR FACILITY?

Plugged, leaking, or blowing steam traps can cost thousands of dollars in lost energy every year. Detect any waste of energy, efficiency and dollars with a steam trap survey from Cooney Coil & Energy.

### WHAT'S INCLUDED?

#### FACILITY WIDE SURVEY OF STEAM TRAPS

- Tag trap location
- Evaluate steam traps performance
- Assess correct steam trap application
- Identify steam system issues (i.e. water hammer, insulation, condensate return etc.)

#### DETAILED REPORTING FOR YOUR STEAM SYSTEM

- Suggested trap replacements
- Energy-saving opportunities
- Engineering best practices
- Health & safety recommendations

#### REPLACEMENT CREDIT

- Receive a discount on steam trap replacements

#### FULL STEAM SYSTEM ANALYSIS AVAILABLE

### WIRELESS STEAM SYSTEM MONITORING

- ▶ 24/7 surveying
- ▶ Ultrasonic sensing
- ▶ Find faulty traps quickly with advance analytics
- ▶ Improve efficiency & maintenance
- ▶ Cloud integration
